NOTE											
Background. Paid UNATCO informant working the Battery Park / Hell's Kitchen beat in New York (2052). Feeds Manderley's people the word on NSF movements, arms shipments, and safe houses along the waterfront. Looks like a grey, paunchy dockside drunk — which is most of what he is now — but he still has sharper ears than most of the agents he reports to. Has a grown daughter he rarely talks about.											—
How to play him. Cynical, wry, talks out of the side of his mouth. Hits the bottle when nervous — which is often. Would rather talk his way out than draw the 9mm, but if he has to shoot he'll hit what he aims at — Guns (Pistol) 13, +1 initiative from Combat Reflexes, Fast-Draw (Pistol) 12. Lives in fear of being made as a rat.											—
