± REACTION						± CONDITION									
+1 from followers of your deity						+3 on all HT rolls to avoid knockdown and stunning									
+2 from others who can hear your voice						+6 on all IQ rolls to wake up or to recover from surprise or mental stun									
+4 from sapient being with whom you actively interact (converse, lecture, etc.)						-5 to all rolls to notice interruptions while obsessed with a task									
+4 to Influence rolls						+5 to HT rolls made for survival at -HP or below, and on any HT roll where failure means instant death. If this bonus makes the difference between success and failure, you collapse, apparently dead (or disabled), but come to in the usual amount of time. A successful Diagnosis roll reveals the truth.									
						+1 to initiative rolls for your side (+2 if you are the leader)									
						+3 to resist torture									
						+3 to rolls for any lengthy mental task you concentrate on to the exclusion of other activities, if the GM feels such focus would be beneficial
